

INTENSE HEAT

Is a great trial to those who suffer from weak or impaired eyesight. The additional strain caused by the glare of the sun coupled with the high temperature give irritation and pain. In tropical countries, even those gifted with the strongest sight carefully guard this great gift by wearing colored or smoked glasses—how much more necessary for those whose sight has some little defect to ascertain what that defect is and obtain proper protection for the impaired organ in the shape of correct eye-glasses?

CANADA TAKES HUDSON'S BAY

Government Announces Intention
to Proclaim It Portion
of Dominion.

PATROL WATERS ANNUALLY

A Lively Racket Amongst the
Liberal Members on
Lord's Day Act.

OTTAWA, July 3.—(Special).—On the Fisheries bill, Mr. Brodeur announced the intention of the government to proclaim Hudson Bay as a portion of Canada. The Arctic would leave for the bay in a week or so and it was the intention to patrol the bay annually. Whalers would be charged a license of fifty dollars.

Power in the senate sought to secure an amendment of the Emigration Act under which a feeble-minded child could enter Canada when accompanied by parents.

Scott said the bill would allow a government agent to exercise discretion. The amendment rejected by twenty-four to twelve.

Mr. Coulter, deputy postmaster general, returned home today after attending the international postal convention at Rome.

A Lively Racket
The house passed the anti-usury bill after a short discussion.

There was a lively racket between four Quebec Liberals, Piche and Ervott on one side and Bourassa and Lavergne on the other. It was about the anti-Lord's Day Bill meeting in Montreal Friday. Charges of trenchery were thrown at each other. The addresses were of a fiery character. Bourassa was very mad when Piche told him he would never occupy a seat in parliament. The Conservatives sat back and greatly enjoyed the flare-up.

The Railway Subsidy Bill
was discussed when on the motion of Logan, (Cumberland) a clause was inserted requiring subsidized railways as far as possible to obtain their rails and first rolling stock equipment from Canadian manufacturers.

Macdonnell, (Kings) and other Ontario members expressed regrets that no subsidy was given for the Ontario government. Teniskaming railway especially as there was precedent in the vote of millions to Quebec for a provincial railway which became part of the In the House today, Lake (Qu'Appelle) called attention to a report in the Regina Standard stating that H. J. Moberley, who was convicted of

Ballot Box Stuffing
had been rewarded by the federal government by being appointed an enumerator in northern districts, thus furnishing him the unique opportunity of putting on the lists fictitious names and covering up his tracks in the matter of ballot stuffing in the mushroom polling places in the north.

Mr. Fisher couldn't say whether Moberley had been appointed or not. He had a list of the enumerators, but had not looked at it. He promised to lay it on the table of the House.

"If his name is there will you dismiss him?" asked Mr. McLean. The minister would not promise to do so.

Mr. Hughes drew attention to a cablegram to the effect that the Salvation Army was sending 10,000

Emigrants to South America
It was the duty of the government to divert the proposed emigration from South America to this country.

Hon. Mr. Oliver replied that only today he had seen representatives on this very matter, but they said the people referred to were not as good a class of settlers as the army had sent to Canada and hoped to send in the future. They might do very well, however, in South America.

W. T. R. Preston's Position
On motion for supply, Mr. Monk moved an amendment declaring that, owing to facts brought out before the public accounts and agriculture committee and for other reasons, W. T. R. Preston should no longer be continued

In the public service. Mr. Monk made a powerful speech justifying his motion.

Mr. Oliver's reply was weak. He pleaded with him to wait for a little while to see what the government will do after full investigation.

Macdonnell and Bristol read communications from trades and labor councils all over Canada urging Preston's dismissal.

Verville (Labor-Liberal) agreed with the amendment but would not vote for or against it, as he did not want to embarrass the government.

The amendment was defeated by 84 to 39.

Celebration at Ottawa
Glorious weather prevailed at the capital for Dominion Day. The city was crowded with visitors, for whom there were many attractions. The trooping of colors by the 57th London Fusiliers on Parliament Hill was witnessed by a great concourse of people, not the least interested of whom were two hundred members of the National Editorial Association of the United States, who were here as guests of the city. Thousands of holiday-makers visited parks and nearby resorts.

Mr. Barwick's Death
The regrettable death of Walter Barwick, K. C., has given rise to considerable talk regarding the future of his chief partner, Mr. Aylesworth. When the latter as postmaster-general decided to continue his practice at the bar there was much adverse criticism, and the Liberal majority in the House justified his action. It is conceded, however, that Mr. Aylesworth as minister of justice cannot in common decency continue to plead in the courts. The unfortunate and sudden demise of the senior partner may lead, it is believed, to Mr. Aylesworth's early decision to retire from politics in order to retain the present high standing of his firm.

The Governor-General returned to Ottawa today, after ten days of splendid salmon fishing on the Cascapedia River.

A telegram to the department of justice today states that Hobbs, the defaulting Montreal customs officer of the C. P. R., has been committed for extradition on all charges. Officers of the Dominion police will go to New York to bring him to Montreal.

W. T. R. Preston is telling Ottawa friends that he is going to sue the Allan line for \$60,000 damage because their Liverpool agent, John Ennis, gave private letters of his to the Jury.

DISASTER MAY HAVE OVERTAKEN STEAMSHIP

Fabre Line Steamer America Is
Now Very Long
Overdue.

NEW YORK, July 3.—No news of any kind has yet been received of the Fabre line steamer America which sailed from Marseilles June 3rd for this city, carrying 150 souls, 110 of whom were passengers and 40 comprising the crew. Apprehension for the safety of the steamer was expressed in shipping circles today. Relatives and friends aboard the belated steamship for days have been making inquiries of all the agents of the ship, but no information concerning the vessel has been given them. Hope has not been abandoned by the steamer's agent, who explains that she likely has become disabled by a breakdown of her machinery or by the loss of her propeller.

It was June 11 that the steamer left the Azores and she should have come in to port here in nine days with good weather.

Twenty-one Days Have Passed
and vessels arriving from Mediterranean ports have not sighted the America. The German line of the same line, sailing from Marseilles and Palermo over the same track reported upon her arrival here last Friday that she had seen nothing of the America. Today the Madonna, also of the same line came into port from the Mediterranean, but nothing of the America was seen on the trip.

The anxiety as to the fate of the steamer was increased today when it was learned from the Hydrographic bureau that a derelict for some time had been directly in the path which the America would take after leaving the Azores. It is the dismantled schooner Lizzie Chadwick, which was reported in lat. 38, long. 38, on June 7, a point about 400 miles due west from the Azores. The Maritime Register, in reporting her, said that "she was in a position dangerous to navigation."

GREAT CHURCH DESTROYED.

Splendid Edifice at Hamburg Goes Up
in Flames.

Hamburg, July 3.—The great church of St. Michael with its tower and spire 426 feet high was totally destroyed by fire today. The tower in falling, crushed several neighboring houses and they caught fire. Four workmen who were repairing the church were killed. The fire department finally succeeded in obtaining control of the flames.

BRITISH NAVAL MANOEUVRES.

Both Attacking and Defending Fleets
Claim a Victory.

London, July 3.—As a result of the naval manoeuvres, both the attacking and the defending fleets claim a victory. Both suffered losses in ships.

Admiral May, commanding the attacking fleet, captured Swansborough and telegraphed to the King: "We have obtained complete control of the English Channel and have demanded the surrender of the English seaport."

The defenders captured the battleship Victoria, the flagships of Rear-Admiral Sir Archibald Boscawen, Milne, together with the battleship Royal Oak and two cruisers, in a battle off Cape Finisterre, and claim they closed the trade route by dividing the attackers in the North Sea.

SESSION A STORMY ONE

Group of Toil Refuses to Listen
to Speech of Military
Procurator.

S. T. PETERSBURG, July 3.—The afternoon sitting of the lower house of parliament today, which was devoted to the discussion of the law providing for the abolition of the death penalty, broke up in utter disorder when Gen. Pavloff, the military procurator, attempted to address the house in behalf of War Minister Rudiger.

His appearance in the tribune was the signal for an outburst of cries of "murderer," "assassin," "organizer of Jewish massacres," from the members of the group of toil, in which the left joined.

The members of the house pounded their desks, shouted, whistled and resorted to every violent means of showing their displeasure.

Pavloff Leaves Tribune
Gen. Pavloff after listening to the storm for several minutes, turned to President Mouroumstseff, bowed, and half smiling signified his acceptance of the situation and left the tribune.

M. Mouroumstseff, who appeared to be thoroughly angered at the demonstration, endeavored to quell it with his voice and the violent ringing bell used in calling the house to order, but he gave up and the house adjourned.

The word was passed among the members that an attempt would be made to resume the session at the expiration of an hour. Gen. Pavloff, who remained in the house, said he was willing to make another effort to deliver his speech in case M. Mouroumstseff so desired.

The appearance of Pavloff was preceded by a long speech from Prof. Kausmin Karavietz introducing the bill providing for the abolition of the death penalty.

Decides to Persevere

Immediately after the session had been broken up the group of toil and the constitutional Democrats called caucuses in their respective parties. The group of toil decided to make a noisy demonstration every time Pavloff appeared, holding that it is better to drive out one man than to pass the whole party go on as they cannot listen to the words of a murderer.

The constitutional Democrats resolved to try to dissuade the group of toil from their decision and endeavor to persuade them if they cannot listen to Pavloff to leave the house.

The house finally voted unanimously to refer the motion for the abrogation of the death penalty to a committee of 15 to draft a bill, and the sitting adjourned pending the elaboration of the measure. The session was resumed at 9:45 o'clock tonight, when the bill was adopted unanimously, the house adjourned at 9:55 o'clock.

A BOMB-MAKING PLANT IN SEATTLE

Acting on Advice From German
Government Important
Seizure Made.

SEATTLE, July 3.—In a building occupied until May 1st by August Rosenberg, a German bricklayer, the Seattle police have found a plant equipped for making bombs and infernal machines. Rosenberg, who was mysterious in all of his doings and was known as a man of anarchistic tendencies left Seattle May 1st for Hamburg, Germany.

At about that time the German government received from a man in Seattle who was an acquaintance of Rosenberg, warning that an attempt would be made to

Assassinate the German Emperor
Herr Geissler, German consul at Seattle subsequently received a cable from Rosenberg instructing him to investigate Rosenberg's record here. The Seattle police who were called upon to assist and the finding of the plant in the basement of Rosenberg's house followed. The articles seized included more than 200 bottles of acids and explosives, crucible mortars, moulds, a furnace and a large quantity of scrap iron. Rosenberg had lived in Seattle nearly 15 years.

Riots in China.
Shanghai, July 3.—Food riots are raging throughout China, and many natives have been killed by troops. Riots have burned a number of buildings at Szechichien and Hsinchichien, and are reported to be doing considerable damage in all interior provinces.

Foreigners have been warned by several consuls not to venture into the interior under the present circumstances.

MRS. LONGWORTH ENTERTAINED

London, July 3.—The Duke of Manchester gave a luncheon today at Blenheim house to Mr. and Mrs. Nicholas Longworth, who afterward visited Oxford and then went to London, accompanied by Ambassador and Mrs. Reid, to a dinner and dance given by the Lady Dartmouth.

THE RISING IN NATAL.

Durban, Natal, July 3.—The Natal revolt continues to be serious. A severe engagement occurred on Sunday outside Noodsberg, a small force of Natal volunteers being temporarily in a difficult position, and disaster being averted only by the timely arrival of the main body of volunteers. The rebels were finally dispersed with a loss of 60 killed.

THE IMPRISONED MINERS.

London, July 3.—After being imprisoned for six days in the flooded Caradoc Vale (Wales) colliery, two miners of the six originally imprisoned there were rescued alive today, and three bodies were brought out by the rescuers. The search will be kept up, although the hope of finding the missing men has been abandoned. The two men rescued subsisted for a week on a few candles. One of them was still able to walk and the other was delirious.

THE EDUCATION BILL.

Government Carries Obnoxious Clause
by a Narrow Majority.

London, July 3.—The discussion of the sixth clause of the education bill, which makes attendance of children on elementary schools compulsory only during the hours of secular instruction, occupied much time in the House of Commons yesterday.

The government succeeded in defeating the hostile amendment by a small majority of 16 votes, and carried the clause by a majority of only 47 votes.

Irish members protested strongly against so important a point being settled by such a small majority. The small majorities were partly due to the government giving to the house a free hand, with the result that about 40 Liberals, including James Bryce, chief secretary for Ireland, and Sir Henry Fowler, chancellor of Lapecaire, voted against the bill.

ADMIRAL ROJESTVENSKY ADMITS THE BLAME

Sensational Evidence of Sailors
at the Court
Martail.

S. T. PETERSBURG, July 3.—The depositions of the various officers and sailors on the torpedo-destroyers Bodovy, forming documents in the court-martial of Admiral Rojestvensky, and other naval officers who surrendered to the Japanese in the battle of the Sea of Japan in May of last year, were published yesterday.

The sailors' testimony indicates that the admiral's party boarded the Bodovy with the full intention of surrendering to the first Japanese ship they should encounter. Their initial act was to order a white flag prepared.

The officers of the staff of Admiral Rojestvensky and the commander of the Bodovy made a pitiful exhibition in trying to shift the responsibility for the surrender on each other.

Admiral Rojestvensky, though he says he was dazed and out of his head all the time, enters a manly plea of guilty because he took no measures to prevent the surrender.

TENNIS CHAMPIONSHIP.

Wimbledon, July 3.—In the final of the ladies' singles in the All-England lawn tennis championship tournament here today Miss Douglass beat Miss Terry 6-2, 6-2. Miss Douglass will now meet Miss May Sutton of California for the title of Champion.

IMPERIAL PARLIAMENT.

Campbell-Bannerman Says There Is No
Fear of Disintegration of Empire.

London, July 3.—Replying to a question on the subject of the speech made by Senator Ellis in the Canadian senate on June 27, during which he said that the Canadian movement was leading to absolute independence, the Premier today advised the questioner not to be frightened by the speeches of Mr. Ellis or anyone else. The feeling in Canada, as well as in the other colonies, the Premier added, was well known and tended not toward disintegration but to closer union between the colonies and the mother country.

Should Go Slow

When asked to follow the example of the congress of the United States and give the House of Commons an opportunity of recording its opinion regarding the massacre of Jews in Russia, the Premier said: "The recent events in Russia to which the honorable gentleman who puts the question drew attention have aroused the strongest feelings in the House, but I am not at all sure that to adopt the unusual course suggested would serve any useful purpose or that it might not add to the difficulties in Russia."

Inspect All Food Products

The bill giving the port sanitary authorities of Manchester special powers for the inspection of all food products conveyed to Manchester by the ship canal passed its second reading. John Burns, president of the local government board, pointed out that the bill was necessary in order that the people might be protected from foreign importers of bad meat. The recent Chicago meat packing scandals were urged by Mr. Burns as a further argument in favor of the bill.

Assaulted His Chum

Brampton, Ont., July 3.—Because he thought evidence of his chum was directed more to convict than to clear himself for having struck William Johnston, a barber of this place, on the head with a whiskey bottle, for which he had to serve a sentence of thirty days in jail, "Scotty" McDonald early yesterday morning attacked John McDonald, his chum, with a hammer and pocket knife and then gave himself up to the police. The latter is in a serious condition, the knife having penetrated his abdomen and lungs.

Twenty Years' Imprisonment

St. Hyacinth, Que., July 3.—At the opening of the Court of King's Bench this morning, Hon. Justice St. Pierre pronounced sentence upon Lapointe, alias Desautels, found guilty of manslaughter for killing Mrs. Gendreau, of St. Pie, Bagot county, on the night of April 14 last. After a most caustic reprimand from the judge, Lapointe was sentenced to twenty years in the penitentiary. It will be recalled that on the night of April 14 last Lapointe met Mrs. Gendreau in the village of St. Pie between 9 and 10 o'clock at night, and in an altercation which followed strangled her.

Winnipeg's Prosperity

Winnipeg, July 3.—The bank clearings of the city continue to reflect unusual business activity, aggregating in volume \$37,818,102 for the month of June, compared with \$26,634,587 for the same period last year and \$22,020,350 in 1904.

Winnipeg, July 3.—Word has been received here that the Shorthorn heifer, Golden Garland, purchased by Sir William Van Horne for his farm at East Selkirk, Man., has won the medal and championship for her class at the royal show at Derby, England. It was the first time she had ever been exhibited.

ANGLO-AMERICAN POSTAGE.

Chancellor of the Exchequer Favors
Two-Cent Rate.

London, July 3.—"There is no nation with which we would rather see the facilities of communication extended than with the great republic on the other side of the Atlantic," said Chancellor of the Exchequer Asquith, this afternoon to a deputation of members of parliament who called on him and Postmaster-General Sidney Buxton relative to the proposition to establish an Anglo-American two-cent postage rate.

Mr. Asquith added frankly that he had no money to give for the purpose and that there was no evidence that the United States government was desirous of making the proposed change. Mr. Buxton remarked that it was entirely a question of money, so far as he was concerned. It would cost \$5,000,000 yearly to make the change.

MONTHLY MEETING OF LADIES' COMMITTEE

Of the B.C. Protestant Orphanage Which Was Held Yesterday Afternoon.

The regular monthly meeting of the Orphanage was held yesterday afternoon at the Home, on Hillside avenue, Mrs. G. A. McTavish in the chair. After disposing of the regular routine business, the accounts for the month totalling \$135.05, were approved and ordered paid.

The visitors for the month presented a report which is appended:

Visiting Committee's Report
 Victoria, B. C., July 3rd, 1906.
 To the Ladies' Committee of the B. C. Protestant Orphanage Home.
 Madam: President and Ladies:—During June we have visited the Home once every week and have found everything in the very best order. They have new help now in the kitchen, which is a great improvement, and we could not help noticing the immaculate cleanliness that prevailed.

We talked to a number of the little ones and examined their clothing and general appearance and found all satisfactory.

On visiting the pantry we saw an immense johnnie-cake, which Mrs. Kay

had made for supper, and tasted a scrap of it. We can assure you it was good.

We found that there is a great lack of fresh vegetables of all kinds, which seems a great pity at this season of the year when they should be so plentiful and are so healthy for the children.

Mrs. E. Chow Baker and Mrs. Thornton fell were appointed visitors for July.

A special vote of thanks was extended to Mr. Longfield for music, and to all the kind donors who by their generous efforts made the Pound Party such a grand success.

The matron reported all well, and the receipts of the following donations which were accepted with grateful thanks.

We desire to thank Mr. and Mrs. Newton for their annual treat to the children of the Protestant Orphanage which is eagerly looked forward to by them from year to year. Through the thoughtfulness and kindness of their generous host cars were provided which conveyed them at 10 a. m. from Hillside avenue to Oak Bay, where a happy, happy day was spent, and which ended far too soon for the children. During the afternoon, the children enjoyed the pleasure of a cruise on the placid waters of Oak Bay via a steam launch. Games were indulged in for which prizes had been provided for by their kind hostess. Needless to say that hearty and heartily enjoyed by the youthful crowd, all of which will long remain in their minds, as a happy day spent at the seaside.

KING'S DAUGHTERS CONVENTION ENDS

Reports of the Secretaries and Election of Officers for Next Year.

The concluding session of the King's Daughters convention was held yesterday afternoon, says the Province of Saturday. Twenty-seven out of the 29 delegates attending the convention were present. After some important business the question as to whether the headquarters in Victoria should remain provincial or be made local was taken up. The matter was freely discussed for some time, during which the speakers found some difficulty in understanding the question and each other. Finally, however, the thing was made clear and Mrs. Holmes moved, seconded by Mrs. Macneil, that the provincial headquarters in Victoria be continued. This motion was passed without a dissenting vote.

Then came the most interesting question of all, and one that provoked more discussion than any other matter brought before the convention. That was whether lotteries, fortune-telling, and similar means should be used to raise funds to carry on the work of the King's Daughters. Several opinions were expressed on the subject and some of the speakers strongly objected to any such methods, but the convention as a body failed to put itself on record in the matter. This is accounted for by the fact that any action which might have been taken would not have been binding on any circle; and the question was raised simply to get the views of the individual members of the convention.

Fortune-Telling

Miss Wilson opened the discussion by venturing the assertion that while fortune-telling, etc., was an easy way of raising money, it was, if not harmful, at least not uplifting.

Mrs. Holmes quoted a letter from one of the leaders of the order, saying that as

DOMINION DAY WAS LOYALLY OBSERVED

Celebration by Victorians on Monday of Canada's Natal Day.

NUMEROUS PICNICS WERE HELD

Immense Crowds Went by Train and Boat to Out-of-Town Points.

Dominion Day was celebrated by Victorians in a most fitting manner. As was anticipated, the streets of the city on Monday afternoon were practically deserted, a large number having left for the picnic grounds adjacent to the city, while the races at the Driving Park also attracted a large crowd. The Princess Victoria carried a big list of passengers on her trip to Vancouver, and the excursionists were given an opportunity to spend half a day in the Terminal City. Although the attractions at this point were not many, the excursionists enjoyed themselves nevertheless. The steamer City of Nanaimo had her full quota of merry-makers when she left the C. P. R. wharf shortly after 9 o'clock on her trip to Cowichan Bay. The vessel was prettily decorated when she pulled out and with the large number of merry-makers all in holiday attire, she presented a pretty picture. The trip through the islands was a very pretty one, and everyone on board appeared to be delighted with the trip. Arriving at Cowichan Bay, the picnicers soon separated for lunches, and shortly before 2:30 the regatta commenced. Indian canoe races, motor boat races and other aquatic events comprised the programme. The return trip was made in the early evening and the steamer reached her berth at the C. P. R. dock.

Sunday School Picnics

Despite the warm weather, many journeyed up the line of the E. & N. railway. Three special trains took the scholars and friends of St. Andrew's and the First Presbyterian churches to Goldstream on their joint excursion. Many games were engaged in, and there was a good programme of sports for the youngsters. Although during the afternoon the thermometer ran into 90 degrees, all appeared to enjoy themselves. Oak Bay park was the scene of other festivities, there being a union picnic of three Methodist churches. The Metropolitan, Victoria West and Spring Ridge churches had joined forces for the occasion and there was in consequence a very large attendance. In addition to a long programme of athletic sports there were two baseball matches. In the morning there was one between the married and single men, resulting in a win for the former with a score of 9 to 5. The afternoon match was an uncommon one, mixed teams of ladies and gentlemen competing. It was between the Metropolitan and Spring Ridge churches, and the first named obtained the victory, the runs being 13 and 9 respectively.

The Congregational Sunday school chose Little Kanaka ranch for its outing place, and it formed an ideal spot for a picnic. There was a large attendance, and a long and pleasant programme of sports varied the proceedings. The trip was taken in special cars that left the church about 9 in the morning, and returned twelve hours later. Everyone spent a most enjoyable day. The James Bay Methodist Church picnic was held at Macaulay Point, and the outing was a very enjoyable one. St. Paul's Presbyterian Sunday school chose the new Gorge park for its excursion, and it is needless to say there was a large attendance. This pleasure resort attracted a large number, who enjoyed themselves with bathing and aquatic sports. During the afternoon the swimming pavilion was in constant use, and a large number enjoyed themselves in learning the art of swimming. The Centennial Methodist Church had its outing at Sidney, about 30 miles, and crowded the special train engaged for the occasion. There were the usual sports and games for the youngsters. In the tug-of-war the married men won from the bachelors, but the maids proved too strong for the matrons, the single ladies winning after an exciting struggle. Along with the many special attractions there were several private picnics which were none the less enjoyable. At all the popular resorts could be found the many little gatherings which usually prove so pleasant. Many took advantage of the special excursion rates on the E. & N. Railway to visit their favorite haunts and spend the day in the cool of the pines.

In the evening the band concert at the Gorge park by the Fifth Regiment band attracted a large crowd, who were rewarded by hearing a very fine concert. During the day the tramway company's service was taxed to its utmost capacity, but nothing but favorable comment could be heard at the manner in which the large crowds were handled. With picnic parties desiring to go in every direction, it was no mean task to provide for all, but the service arranged by the company was highly praised.

Baptists' Picnic
The Baptist picnic at Langford was numerously attended and thoroughly enjoyed by all present. The committees all had their work well in hand, and everybody had a mind to work; thus no one felt the task burdensome and everyone had a splendid time. The baseball match between the home school and the two missions resulted in a victory for Calvary by a score of 11 to 3.

The races were well contested and very interesting. The following is the prize list:
Boys under 14—1st, Arthur Middleton; 2nd, Willie Campbell.
Boys under 12—1st, Fred Campbell; 2nd, Robert Dinsdale.
Boys under 10—1st, Roy Campbell; 2nd, Donald McIntyre.
Girls under 16—Margaret Clarke.
Girls under 14—1st Maud Burley; 2nd, Edna McIntyre.
Girls under 12—1st Bessie Torrance; 2nd, Edie Smith.
Girls under 10—1st Janet McIntyre; 2nd, Annie Stevens.

Girls under 5—1st, Helen Tapscott; 2nd, Leta French.
Three-legged race—Willie Campbell and Sydney Dinsdale.
Men's race—1st, Robert Owens; 2nd, John Miller.
Potato and Spoon race—Bert Graham.
Skinning race—Maud Burley.
Thread and Needle race—Winnie Procter and Willie Campbell.
In the tug-of-war, the Benedicts achieved a victory over the single men; but it was hard won.
A substantial balance will be left for the Sunday school treasury after all accounts are paid.

NEWS OF NELSON.

Principal of the Public Schools Presented With a Gold Watch.

Nelson B. C., June 23.—(Special).—The Masons of the city of Nelson are attending St. Saviour's Anglican church tomorrow night in parade and special music has been arranged for the occasion.
Principal Sullivan of the public schools here, on the breaking up of the term for the seven weeks summer vacation today, was presented with a gold watch as a souvenir by his pupils.
The ladies' fair of All Nations, which they entitled "Kirmesse" ended last night after a three days' session. While the actual returns have not as yet been made public it is stated that the result will be the public library of this city in whose support it was held, so that there should be no excuse to call upon Andrew Carnegie for \$1,000.
J. Hawthornthwaite, provincial member for Nanaimo, is to speak here on Tuesday night in the interests of the Socialist party. A Mr. Hawthornthwaite has been supporting the McNamee government consistently during their present tenure of office, the move is considered to be another indication of the likelihood of an election in the fall. Both Liberals and Conservatives here seem to be in some doubt as to who are the candidates they will put forward.

A PRESENTATION TO MR. E. C. MUSGRAVE

A Pleasing Affair at Mount Sicker on Saturday Evening Last.

A farewell reception and dance was given on Saturday evening by the employees of the Tyee mine and residents of Mount Sicker to Mr. E. C. Musgrave on his leaving Mount Sicker, where he had been in the service of the Tyee Copper Company for six years as superintendent of the Tyee mine.
At about 8 p. m. the residents met and dancing began, which was continued until 10:30. During an interval between the dances Master Hardy, on behalf of the children of Mount Sicker, presented Mr. Musgrave with a handsome manicule set for his little daughter.
At 10:30 a move was made to the supper room, where a seating capacity for about 100 guests had been arranged for, and full justice was done to an excellent and dainty repast prepared by the ladies of Mount Sicker, who had also decorated the tables and room most tastefully.

At the conclusion of the supper Mr. Fred Tallon made a splendid speech on behalf of the Mount Sicker branch of the Western Federation of Miners. In the course of his remarks he eulogized the management of the Tyee Copper Company and emphasized the cordial relations that have always existed between it and the employees of the company, and expressed their deep regret at parting with Mr. Musgrave.
At the close of the speech Mr. Tallon presented Mr. Musgrave with a beautiful solid gold repeater, bearing the following inscription: "Presented to E. C. Musgrave by the employees of the Tyee mine and residents of Mount Sicker, as a slight token of esteem and goodwill on the occasion of the severance of his connection with the Tyee Copper Company, Limited; June 30, 1906."

Mr. Musgrave returned thanks in a brief and feeling manner.
Mr. Hemsworth, the popular storekeeper of Mount Sicker, then spoke on behalf of the residents and said how much they as well as the employees of the company regretted Mr. Musgrave's leaving.

Mr. Clermont Livingston, the general manager of the Tyee Copper Company, in a short speech, thanked Mr. Tallon for the kind things he had said about the management and Mr. Musgrave, and rejoiced with him at the good feeling that prevailed between the company and the employees. He deeply regretted the parting with Mr. Musgrave, who had been a fellow worker with him for the past six years.
After supper the dancing was continued until a late hour.
A bright moonlight night added beauty to the scene when the party separated, after one of the pleasantest evenings ever spent upon the mountains.

Mr. E. C. Musgrave is opening an office in Victoria, where he will follow his profession as a mining engineer.

THE CANADIAN TAYLOR AUTOMATIC FIRE ALARM and CALL BELL CO., LIMITED

OF

VICTORIA, B. C.

The above Company is now incorporated under the laws of British Columbia with a capital stock of \$50,000.00, divided into 10,000 shares of \$5.00 each. Terms of sale, half cash, balance in two equal payments.

This company is incorporated for the purpose of manufacturing and installing the Taylor Fire Alarm, the only perfect Automatic Fire Alarm yet invented. The question is, will it work, and will it pay dividends? Let me answer the first part of your question. A Syndicate of good Victoria Merchants have been manufacturing and installing the Alarm in a small way for the past six months. The following is a list of a few that have had the Alarm installed, and I can show you in this office their testimonials:

Government House, Nanaimo Brewery, Windsor Hotel (Nanaimo), The Shawncan Lake Lumber Company, The Taylor Mill Company, J. A. Sayward Lumber Mills, E. G. Prior & Co., Ltd., and W. J. Pender's residence, and others. In answering the other part of your question, "Will it pay dividends?" I say, "Yes." Every manufactory, mill, business house, hotel, public building, residence, steamers, etc., will have them installed, as it is the most perfect protection from fire, and will cheapen insurance; the cost of installation is small and within the reach of everybody. If you already have the electric call bells, no wiring is necessary.

The Syndicate have already received satisfactory dividends and only operating in a small way, and their reason for selling stock now is to raise capital to push the business all over Canada. The Fire Alarm and Call Bell will be installed in my office at once and can be tested Tuesday, the 26th instant. Not more than 4,500 shares of stock will be offered for sale at this time, and as many have already stated that they wish to purchase stock, I would suggest that you lose no time in applying for stock in the Company. The Company will be prepared to receive application for allotment of stock on and after Thursday morning at 10 o'clock, June 28.

Excursion Amongst Islands.—On Sunday a most delightful day was spent among the islands of the Gulf by a large number of Victorians and visiting friends. On arrival of the V. & S. train at Sidney the steamer Iroquois sailed via the "Iroquois" channel and thence through the "Iroquois" channel and Active pass to Mayne island where the passengers were given two hours on shore. On the return trip the steamer came through Canoe pass completing one of the most beautiful scenic trips on the Pacific coast. Next Sunday the Iroquois will sail up to blow down her boilers and on and after the 15th will make regular trips among these famous islands.

Saanich Municipality.—The Saanich municipal council met on Saturday, June 30, in the temporary office on Glandford avenue. The most important business transacted was the passing of the public school estimates as submitted by the school board. Over \$10,000 was set aside for school purposes. Of this sum the provincial government pays about \$7000 and the municipality about \$3000. All teachers in the municipality will receive their back salary from January 1 to June 30 this week. The Health Bylaw was read a third time and will come up for final reconsideration at the next council meeting. Plans for a new building will be called for in a few days and an effort will be made to complete the building by the end of the year.

Closing Recital.—An appreciative audience assembled on Saturday afternoon last, at the Victoria Day school, 10 Harrison street, it being the occasion of the closing recital of Miss Sill's pupils in music-playing. The large class rooms which were thrown together were beautifully decorated with choice flowers and green vines. The programme, which had been carefully chosen, was well executed throughout, many of the pupils showing unusual ability. A number of those playing had been heard on previous occasions at Miss Sill's recitals and it was pleasing to note the marked improvement. A new feature was the demonstration of kindergarten work, which has been conducted by Miss L. Sill. Much interest was manifested in the sight-reading and transposition of scales. That the kindergarten system has been made thoroughly practical in its results was shown in the playing of little piano selections. The materials used in the work were displayed and gave everyone the impression that the rudimentary work was made very interesting by this system. Those taking part were as follows: Misses Ermine Snider, Laura Vokes, Dorothy Kingham, Ola Balcom, Agnes Robertson, Davida Raymer, Claudia Hall, Edith John, Kathleen Hueston, Zilla Balcom, Iris Burton, Marjorie Robertson, Irene Adams, Edith Helmecken, Norma Spencer, Marjorie Rome, Cecilia Helmecken, Ethel Grant, Gladys Pitts and Florence Spencer. Masters Alexander Holden and Edwin Rostein and Master Evan Spencer.

INDIAN MURDERERS FLED TO THE INTERIOR

Posse Returns With Report That Indians Have Gone to Bear Lake.

Yesterday Mr. F. S. Hussey, the superintendent of provincial police, received a telegram from Provincial Constable Berryman who is in charge of the man hunt for the Indians wanted for the murder of James McLean and Max LeClair near Hazelton, stating that the posse organized to follow the murderers, Simon Gun-ah-moot and Peter, another Indian, had returned after an unsuccessful chase. The two Indians, who were plentifully supplied with firearms and ammunition, had gone over to the Bear Lake country and taken to the forest. Another posse will be organized without delay and sent into the interior where the Indians are supposed to have gone to keep up the pursuit, and it is confidently expected by Superintendent Hussey that the two men will be captured, although this will take time. The journey of the posse to Bear Lake is expected to occupy three weeks or a month. As the identity of the two men is well known and there chances of ultimate escape are not great, the superintendent of provincial police considers that it is but a question of time before his constables will be successful and bring the two Indians to justice.

Mr. F. S. Hussey, superintendent of provincial police, returned yesterday from Vancouver after securing the arrest of Desire Brothier, who was deported from Seattle by the United States immigration officers. When it was learned by the Canadian immigration authorities that Brothier was to be returned to Canada at the instance of the provincial police of British Columbia, the federal immigration officials both in Victoria and Vancouver were instructed to prevent the convict who was pardoned by the federal department of justice being returned to Canada. Superintendent Hussey, however, held a warrant for the arrest of Brothier and he was determined to secure the arrest of the released criminal soon as he was returned within the jurisdiction of the British Columbia police. As soon as the steamer Kamona with Brothier on board arrived at Vancouver the immigration official refused to permit the landing of Brothier, but Superintendent Hussey ignored the refusal and armed with his warrant went on board and brought the prisoner ashore. Brothier is now in jail at Vancouver awaiting trial on the charge of forging medical certificates for women procured by him for Vancouver resorts. He was brought up in the police court yesterday and remanded for eight days.

The steamer Maricheen, lying in the dry dock at Esquimalt awaiting repairs, was offered for sale yesterday at the instance of Capt. Schonwandt, representing M. Jensen, owner, of Hamburg, by Mr. L. S. Eaton, auctioneer. There was one bid, \$15,000, offered by J. H. Greer, the well-known local shipbroker, and this was not accepted. The steamer, which was built in 1885, is a steel screw steamer, and will be done now is not clear. Capt. Schonwandt has been called to Hamburg for instructions. Meanwhile the steamer remains on the blocks at the dry dock, with each day tallying another \$107 against her.

At 3 p. m. the small gathering of shipping men and others assembled under the shade trees near the head of the dock and Mr. Eaton said he had to offer for sale the steamer Maricheen, of English build—she was built on the Clyde and—

"No Scotch build," interrupted a bystander.

"Of Scotch build," corrected Mr. Eaton, "she lies, with the exception of one anchor and four boilers now on board. How much am I bid?"

Mr. Hardaker wanted to know how much was the reserve price.

Capt. Schonwandt, at whose instance the steamer was sold, was unwilling to announce this.

Mr. J. H. Greer said he would bid \$15,000 for the steamer.

"Fifteen thousand dollars I'm bid; fifteen thousand dollars; is there any advance on \$15,000?"

"There was a low drawn out silence."

"Well I'd keep her rather than sell for that," said Capt. Schonwandt.

"Don't sell her."

And the steamer was not sold.

THE MARICHEEN.

Formerly the British Steamer Clan Matheson of the Clan Line.

The German steamer Maricheen which was offered for sale yesterday, but not sold, owing to the fact that buyers did not offer more than \$15,000, which amount her owners did not consider sufficient, was formerly the British steamer Clan Matheson, one of that big Clan line owned by Cuyzer Irvine & Co., of Glasgow, by whom the steamer was sold to M. Jensen of Hamburg, her present owner, about eighteen months ago. The steamer was built by Napier Shanks and Bell at Glasgow in 1885. She is a steel screw steamer of 3,300 tons gross and 2,521 net.

What will be done with the steamer now is unknown. Capt. Schonwandt, representing the owner in Victoria, has called for instructions in that regard. It is extremely probable that in the near future there will be a contest at law in regard to the insurance. The steamer was insured in Germany against a total loss. The underwriters claim the steamer was not a total loss and have brought the steamer to Esquimalt and turned her over to the owners, the underwriters having given the Bullens the contract.

Which Was Successfully Carried Out

of salvaging the steamer. The owners claimed that the steamer is in effect a total loss.

In the meantime the vessel lies in the dry dock at Esquimalt and no bidders came forward to purchase her. The lowest tender received for the necessary repairs, and everything necessary to fit the steamer in position to engage in business as soon as she leaves the shipyard, was \$15,000 after work begins, is \$85,000.

THE PRINCESS MAY

Returned Yesterday From Her Initial Trip to Skagway.

The steamer Princess May returned yesterday from Skagway completing her initial voyage. The new Skagway liner brought a good complement of passengers, all of whom were delighted with the accommodation provided. The steamer was visited by crowds in the various ports at which she called and attracted universal attention. The Princess May brought news of the manner in which Hatfield, the rain-maker, is seeking to earn the bonus given by the government to make rain. The Dawson News says: "According to Hatfield's record, the precipitation on the Dome last week was .18 inches. This is for six days. The precipitation for the whole of June last year in Dawson was .25 inches.

Hatfield is living in a tent erected under his rain-making tower. He has the mystic, potent moisture attractor in the tower. Hatfield at all times is in a position to see that no triflers ascend and

ately after the half was passed, Donovan tried to send Bearskin through to the front by way of the inside track, but was cut out. Again he tried it and failed. The third time he was not only unsuccessful, but met with the accident already described. The finish was a hot one, and for a time it looked like a dead heat, but May Holiday won by a head, Precious finishing on three legs.

This finished the running events and the entries for the 2.25 class, trotting and pacing, were brought out. The first heat went to B. C. King. Mike Director, owned by C. A. Harrison and driven by Madsen, was a good second, but owing to several breaks could not win. On the second heat Madsen was replaced by Harrison, and although B. C. King again won, the local horse went without a falter, and eight seconds was cut off the time of the first heat.

Between the second and third heats an exhibition was given by Bob and Ron Mackay. Bob, the smaller, mounted on a small nag, without a saddle, took the lead and won easily. At the finish of the race they changed horses and again Bob won, and he received an ovation.

The third heat of the trotting was the fastest of the three. B. C. King took the lead and held it to the quarter pole, where he broke and Mike Director took the lead. He was easily overtaken, and B. C. managed to win out by a length in 2:28 3-5.

This brought the races to a finish, and the crowd left, well pleased with the afternoon's sport. The following is the summary:

Five-eighths mile, 3-year-olds and up.—1st, Nanon; 2nd, Amasa; 3rd, Trapshooter. Time, 1:05.

Three-quarter mile—1st, Baranca; 2nd, Mactrotter; 3rd, Ambitious; 4th, Minkaka. Time, 1:19.

Seven-eighths mile—1st, Golden; 2nd, Modder; 3rd, Pearl Waters. Time, 1:38 4-5.

One mile—1st, May Holiday; 2nd, Precious. Time, 2:28 3-5.

2.45 class, purse, trotting or pacing, best three in five—1st, B. C. King; 2nd, Mike Director; 3rd, Sister Stell; 4th, Victoria Girl.

LACROSSE

Shamrocks Win

Montreal, July 3.—The first Minto cup match yesterday between the Montreal Shamrocks and the Souris, Mon. lacrosse team was won by the Shamrocks handsly, the score being 10 to 2. The game between the Capitals and Nationals was won by the Capitals and scored 5 to the Nationals' 3.

THE OAR

Won First Two Heats

Henley, Eng., July 2.—The Argonauts (Toronto) beat First Trinity (Cambridge) today in the first heat for the grand challenge cup. The Argonauts won after a magnificent race by a bare length. The time was 7 min. 29 sec.

The Argonauts, who had the Bucks station, went off with a lively stroke of 41 to the minute and drew away immediately. First Trinity hung on half-doggedly, but were a length and a half behind at Fawley Court, which was reached in 3 min. 28 sec. Here the Cambridge crew spurred and knocked off some of the intervening distance, but although First Trinity spurred again and again, they were unable to get their heads above the level of the stern of the visitors' shell.

In the preliminary heat for the diamond sculls today, Roy Adam of Australia beat W. B. West of Philadelphia by 2-2 1/2 lengths.

Won Second Heat

Henley, Eng., July 3.—In the second heat for the grand challenge cup today the Argonauts (Canada) beat the Thames Rowing Club; time, 7 min. 4 sec. The Canadians led throughout and won easily. Not one of the Argonauts showed the slightest sign of distress. They all sat up as straight as poplar trees at the finish and were accorded a fine reception.

The Argonauts are improving with racing, and many experts already consider that the fate of the grand challenge cup is sealed and that it will leave England for the first time in its history.

J. B. A. A. MANAGEMENT.

Special Meeting Last Night—Message Forwarded to Argonauts.

A special meeting of the committee of management of the J. B. A. A. was held last evening when the following new members were elected: R. H. Clark, G. Holderoff, S. J. Winsby, Geo. W. Macleod, R. E. Walker, C. B. Daniel, W. H. P. Sweeney, P. T. McIlroy, Ed. Seaves, Syd Dabell, Vm. Russell, A. C. Roberts, Lewis Knauss, H. S. Jameson, R. R. Matthews, Wm. Blakemore, Earle L. Drais.

A letter of resignation from the committee was received from Mr. George V. Simpson, who has accepted a position with the Canadian Fairbanks company in Vancouver. Mr. Simpson will be greatly missed, as he took a very active part in the affairs of the association and was chairman of the tennis branch which has flourished under his management. In accepting his resignation the committee passed a resolution of thanks to Mr. Simpson for his past work and wished him success in his new position. After considering several names as successor to Mr. Simpson the committee finally appointed Mr. Daryl Kent as chairman of the tennis branch with also a position on the committee of management of the association.

Mr. Kent is one of the rising young men of the club and the committee feel that they have every confidence in placing the affairs of the tennis branch in his charge.

Another matter that came up for consideration was the sending of the club's representatives to Nelson to take part in the annual regatta of the N. P. A. A. O. to be held on the 27th and 28th of July. A special committee consisting of H. D. Helmecken, K. C. Ald, Jas. Douglas, Arnot Ker and J. H. Lawson, Jr., were appointed to make financial arrangements for the trip.

At the instance of H. D. Helmecken, K. C., a telegram was forwarded to Henley congratulating the Argonaut crew in the good showing they have already made and hoping for their complete success.

A PUBLIC FUNERAL

Salisbury, Eng., July 3.—The city today gave a public funeral to Roy E. L. King, a Londoner, one of the victims of Sunday's disaster. All the shops put up their shutters and citizens lined the route to the ancient cathedral of Salisbury, where the first portion of the burial services was read. The mayor and corporation marched in the cortege as well as representatives of the American Line and the Canadian railway.

The bodies of all the other victims of the wreck were removed in the course of the day from the waiting room of the railway station, which has been used as a temporary mortuary and some of them were sent by train to Southampton, where they will remain until July 4, when the steamer New York, on which they came over on their fateful voyage will re-convey the bodies to America. Others have been taken to London preparatory to ultimate transshipment to New York.

FINANCE AND COMMERCE.

New York, July 3.—With liquidation carried to the extent it has been in the recent stock market, bear operators are induced to growing caution as it proceeds. It was the common opinion that today's buying came in large part from uncovered bears.

The holiday interval impending tomorrow also inclined to professional operators, and there was an evident subsidence also of selling pressure upon the market which was in full force at the time of the previous closing and which was continued in the early dealings today. Professionals still shaped itself to the view that any extensive rally in the stock market would be followed by a sharp decline.

Exchange here was weak. Bonds were quiet. Total sales \$2,100,000.

RISKS OWN LIFE TO SAVE HIS COMRADE

**Constable Allan Dares Death in
the Chilly Waters of
Yukon River.**

Dawson, July 3.—Incidental to the drowning of Corporal Alex. Haddock, of the Royal Northwest mounted police of the Yukon branch of the service, Constable A. D. Allan, who was with him in the canoe, performed a deed of heroism seldom equaled in daring, self risk and endurance.

Allan and Corporal Haddock were coming down the stream when the canoe overturned in the Yukon river near Ogilvie, and the men were thrown into the swift current. Haddock did not know how to swim. Allan is a good swimmer and immediately swam to rescue his comrade.

Weighted down with the police uniform, the heavy Strathcona leaved boots, reaching to the knee, and the long "slicker" or rain coat, Allan fearlessly stayed beside his helpless companion. Three times he dragged Haddock from the chilling waters and shoved him on top of the canoe. Three times did Haddock find himself unable to remain on the slippery bottom of the canoe. Each time he sank he went beneath the canoe and came up on the opposite side. Each time Allan further risked his life by swimming to Haddock's side. Without means of tying him on the canoe, Allan as a last resort, told Haddock to seize the end of the slicker and be towed to shore. Haddock made one wild, frantic grasp, but missed the coat, and sank.

Partially overcome himself by the chill of the waters, Allan finally started to swim for shore. Of his own desperate struggle for life he knows little. He can dimly recall that he made shore and fell exhausted on the river bank. How long he lay there he does not know.

When he revived Allan started over the hills for Ogilvie. He got some nourishment at a cabin, and soon afterwards the steamer Whitehorse, from Dawson, saw him and took him aboard.

FIRE AT WINDSOR HOTEL.

Montreal, July 3.—A small fire in the basement of the Windsor hotel, which broke out shortly after midnight, sent dense volumes of smoke in the upper floors and caused a scare among the guests, many of whom fled from their rooms scantily clad. The fire was extinguished before any damage of consequence had been done.

**Taste WINDSOR TABLE

bitter. It is pure salt and all
salt. Will not cake.**

let Merivale, and threatened to set fire to her hair. Miss Jepson, playing the role of housekeeper, stepped forward with a cloth in her hand and at once extinguished the spark which threatened the actress's hair. The spark continued to burn and Mr. North rang down the curtain. There was not the slightest excitement, and after a few minutes the curtain was lifted again and the act continued.

The New Grand
The sensational cycle whirl is the big feature on Manager Jamieson's strong bill at the New Grand this week. On a howl-snapped track 9 feet in diameter and banked at an angle that is almost perpendicular Mr. and Mrs. Hoffman race around, passing each other in opposite directions and often riding so close to the top that one fancies they must go right over. It is a hazardous and really thrilling and danger defying act and wins for the daring riders enthusiastic applause at each performance. Hugh J. Emmett gives the best ventriloquist exhibition seen in the city. Arthur Rigby, minstrel comedian has an entertaining turn. Miss Emilie White sings good songs and tells good stories, Frederic Roberts sings the illustrated song "The Song My Mother Used to Sing" and a varied lot of amusing moving pictures conclude the entertainment.

"The World," a melodrama by the Mack Swain company, last here playing stock productions at ten, twenty and thirty cent prices, attracted a few to the Victoria theatre yesterday. Monday prices ranged from 25 cents to \$1—altogether too much for such a production as that presented. It was a poor show.

MAY VISIT CANADA.

British Ambassador to Washington to Discuss Treaties With Dominion.

Washington, D. C., July 3.—Sir Henry Mortimer Durand, the British ambassador, left Washington today for Lennox, Mass., where he will be with his family most of the summer.

Before leaving Washington, the ambassador had a long conference with the secretary of state concerning Anglo-American affairs. He expects to revisit Canada this summer, and it is believed that when Secretary Root and the ambassador return to Washington in the fall, they will be able to frame satisfactory treaties for the adjustment of the boundary and fishing disputes between the United States and Canada.

CHOLERA AT MANILA.

Manila, July 3.—Cholera of a virulent type has broken out among the natives of Manila and surrounding provinces. Four Americans in Manila have been stricken to date and one American is dead. His name is Charles Sheehan. Twenty-one cases and sixteen deaths were reported today.

The provinces report twenty-six cases and twenty-five deaths. The disease is of the most deadly type.

WESTERN CANADA'S BIG STORE

27TH ANNUAL SUMMER SALE

The Cheerful Store, Full of Sunshine and Business Optimism.

Yesterday was by far the greatest "first day" of any of our summer sales, and the pace we have set for ourselves for this month will surely make this a remarkable sale—remarkable for the number of customers served, remarkable for the number of new customers made, and remarkable for the lowness of price that high-class merchandise is being sold for.

For instance, in the Men's Clothing Department, try and match our \$10 suits elsewhere, and then buy our \$10 suit for \$6.75; do the same with the \$15 one, and then come and buy it for \$11.75; the same with the \$18 ones for \$13.75 and the \$20 ones for \$13.75, and the \$22.50 ones for \$13.75, and the \$25 ones for \$13.75.

We might go through each department in the same way, and make mention of just such bargains. We make mention of some of the most interesting things for today's shopping list.
